Solvent Red 119

As one of the leading producers and supplier of **solvent red 119**, XCWY has exceptional expertise in the producing high quality solvent red 119.

Being soluble in water and oil, XCWY solvent red 119 is widely applied to waxes, plastic, candles, smoke bomb and so on.

Solvent Red 119 Specification

» Solvent Dyes **Name:** Solvent red 119

» **Colour Index:** C.I.Solvent red 119

» **CAS No.:** 12237-27-3

» **Appearance:** Red Powder .

Solvent Red 119 Basic Information

Basic Information	
Product Name	Solvent red 119
Colour Index	C.I. Solvent red 119
CAS No.	12237-27-3
Specification	
Shade	Similar With Standard
Appearance	Red Powder
Moisture %?	1.5
Insoluble Matter %?	0.4
Properties	Very soluble in water and alcohol

[Product characteristics]

» Bright colors;
» The content of free heavy metals meets international standards.

» It has excellent solubility and wide selection of solvents.
» It has good compatibility with various resins.
» It has excellent acid, alkali and heat resistance.

[Usage]

The solvent red 119 has excellent heat resistance, light resistance and migration resistance. They are colored on plastics with bright tones. It can be used for coloring various plastics, polyesters and fibers before spinning.

Other solvent dyes have various uses:
» Wood coatings.
» Surface coloring of aluminium foil and vacuum plating film.
» Printing ink.
» .Dyeing of leather modification.
» .Stationery Ink (Oily Ink for Mark Pen and Other Stationery)
