Yellow Egg Tray Dye

Paper pulp egg tray is made of recycled pulp and pressed by molding machine. Because of its simple manufacturing process, low cost and no environmental pollution, it is called "green" packaging.It is one of the most common egg trays in our daily life.

As the coloration for the paper pulp, dyes quality will effect the final egg trays quality. If the egg tray dyes quality is not good, the color will fade easily and the color is not attractive.

Our factory can produce different colors egg tray dyes, especially the yellow egg tray dye have good feedback in China.
