Blue Fountain Pen Dye

Dye ink is a completely soluble ink at the molecular level. This ink is a completely complex solution. The probability of blocking ink head is very small.

It is easy to be absorbed by materials after writing. It has bright colors and low cost.

XCWY company is the only real manufacturer for the blue fountain pen dye in China, which is a blue powder acid dyes.

With reliable quality and best price, more and more customers come to visit our factory and place orders.
