Red Fountain Pen Dye

Our red fountain pen dye has good effect in the coloring ink and has features of good solubility, no precipitation and no color change.

It is a kind of red powder acid dyes, soluble in water and ethanol with yellow-green fluorescent blue-light red color.

The packing is 25kg net weight, which can be packed in iron drum, fiber drum, carton box, bag or as per your specific requirement.

At the same time, we can provide the sample for your test color free of charge.

Why choose our red fountain pen dyes?

» Direct factory since 1995

» Experienced in dyeing fountain pen, we can give you more suggestions to support you.

» Reliable quality: The cargo quality is always the same with our sample quality.

» Blue, red and black color for your selection
