
Direct Red Dyes For Cotton

[Direct dyes](#) refer to dyes that can be directly dissolved in water and have high directness to cellulose fibers, without using chemical methods to color fibers and other materials.

Due to the advantages of complete chromatography, bright color, easy operation and lower cost, direct dyes are widely used for dyeing cotton textile.

Cangzhou Xincheng Weiye Chemical Co., Ltd is producing various kinds of [direct red dyes for cotton](#) for 26 years, our dyes have been exported to Pakistan, Bangladesh, Indonesia, Korea, Thailand, Mexico and Mexico. Good and reliable quality makde us enjoy good reputation.
