Solvent Blue 97 Specification

» Solvent Dyes **Name:** Transparent Blue RP

» **Colour Index:** C.I.Solvent Blue 97

» **CAS No.:** 32724-62-2

» **Packing:** 25kg per fiber drum

Solvent Blue 97 Basic Information

Basic Information	
Product Name	Transparent Blue RP
Colour Index	C.I. Solvent Blue 97
Strength	100%
CAS No.	32724-62-2
Specification	
Shade	Similar With Standard
Appearance	Uniform Blue Powder .
Density(g/cm3)	1.166
Heat Temperature(?)	300
Properties	Insoluble in Water, Soluble in Organic Solvent

The solvent red dyes solvent blue dyes supplied by Cangzhou Xincheng Weiye Chemical has been welcomed by the majority of plastic pigment companies, welcome your inquiry.
