## Pigment Violet 19 Paste

[Pigment Violet 19 Paste](#) is a high-performance quinacridone organic purple [pigment paste](#), corresponding to C.I. No. 73900. It features outstanding tinting strength, as well as excellent lightfastness, weather resistance, heat resistance, and chemical resistance. With strong anti-migration properties, it is highly compatible with various water-based resins and remains stable during storage without stratification or sedimentation. This pigment is insoluble in water and organic solvents such as alcohols, esters, and ketones; it can only be uniformly dispersed in water-based systems and cannot be completely dissolved.

### **Pigment Yellow 154 Paste Product parameters:**

**CAS No.:** 1047-16-1

**C.I. No.:** 73900

**Molecular Formula:** C<sub>22</sub>H<sub>12</sub>N<sub>2</sub>O<sub>4</sub>

**Average Particle Size:** 0.12–0.20 μm

**Light Fastness:** Grade 7–8 (Scale 1–8)

**Heat Resistance:** ≥ 240°C

**Water-soluble Matter:** ≤ 1.0%

**Oil Absorption:** 42–54 g/100g

**Tinting Strength:** 93%–107% (compared to standard sample)

### **Pigment Yellow 154 Paste Application:**

#### **Premium Water-based Printing Inks**

Suitable for high-end flexographic and gravure packaging inks. Ideal for printing cosmetic packaging boxes and premium labels. It delivers a warm, sophisticated color palette with fine halftone reproduction and excellent anti-migration properties.

#### **Interior and Exterior Wall, as well as Wood Coatings**

Applicable to artistic wall paints, premium water-based wood coatings, and water-based metal baking finishes. It provides a high-end color aesthetic and long-lasting weather resistance, making it perfect for color matching in both indoor and outdoor decorative

---

applications.

### **Plastic Masterbatch Systems**

Used for coloring both soft and hard plastics such as ABS, PVC, and PU. It is suitable for plastic products that demand high temperature and weather resistance.

### **Leather, Stationery, and Crafts**

Ideal for synthetic leather surface finishes, hand-painted art pigments, and epoxy resin crafts. It is frequently used to compound a variety of rich tones, including rose red, wine red, and dark purple.

As largest manufacturer of rhodamine b dye, our color include yellow, red, blue, green, orange and red. Welcome send us inquiry.
